

Dear Parent/Carer,

As a school we value reading and are working hard to offer a range of reading opportunities for our children. Our approach to reading has been recognised as successful by a number of partners, including the Governing Board who are keen to involve the wider family in reading in school.

Children take part in guided reading lessons and reading sessions daily. We believe strongly that reading one to one with an adult and discussing their reading individually is vital in encouraging children to grow as readers and thinkers.

Currently, we have a small group of parents who volunteer to read with children in school and would like to invite any parents/carers or grandparents, who could spare the time, to read with our children. This would also be an ideal opportunity for any older brothers or sisters considering applying to further education for courses related to education.

If you are able to offer some time to hear children read, and discuss their reading with them, we would be very grateful for any amount of time that you could spare. We can offer friendly and confident children; tea and coffee and an induction into our reading programme.

If you would like any further information or you are interested in volunteering, please complete and return the slip below and we will be in touch.

As always, thank you for your continued support. Don't forget that you can find out about reading in school by visiting our school website English pages or by contacting your child's class teacher.

Yours faithfully,

Mr. A. French

Dear Mr. French,

I would be interested in volunteering to hear children read in school.
