

### Sports Funding 2017-18 - Information for Parents

The Government has made available additional funds to all primary schools for 2016-2017. This money must be spent on improving the provision of PE and sport for the benefit of pupils registered at that school so that all pupils develop healthy lifestyles.

The funding is £17,250 (£16,000 plus £5 per pupil). During this year, the Sports Premium has increased and Governors have agreed that at Ibstock Junior School, the Sports Funding will be allocated in the following ways:

Activity	Cost	Why we think it will benefit
Participation in the local Sports Partnership	£2750  (£1500 to join plus £5 x 250 pupils)	Ongoing participation in a wide variety of sporting activities, including the opportunity to take part in competitions.  Representatives from the partnership will be helping us to achieve the Sainsbury 'silver award' for sports.
Participation in after school clubs - Premier Sports	£6500  estimate	The school aims to increase access for children to take part in regular physical activity. The clubs on offer will be from a range of sports. These clubs will be running every night after school. As there is no longer a charge for parents for clubs, we hope that a wide range of children participate. There are 20 spaces at each club, hence we are offering 100 free PE places for children each week. The clubs will be chosen by the children, via the School Council. This year we will also have a fencing club for the first time.
Cost of transport to 'Area sports' and other sporting events	£400  estimate	These particular events are in the daytime; it is difficult to rely on parents to transport large groups of children so the funding is particularly useful.
Improve activity at lunchtimes	£850	Lunchtime supervisors to undertake Happy Lunchtime training and thereby encourage a range of activities for children at lunchtimes.
Resources to facilitate 'Happy Lunchtimes'	£300	Increase physical activity at lunchtimes.
Continuous Professional Development (CPD) of staff.	£2200	We have an experienced member of staff who will be released to coach and train other staff. This money will cover the cost of releasing the specialist teacher.

Archery equipment and training	£500	We want to encourage a range of different activities in school so that less active children have an opportunity to enjoy a sport.
Forest School training	£2250	We have trained 3 members of staff to become qualified as Forest School leaders. We
Forest School resources	£1000	We have received a grant of a £1000 and also allocated £1000 of the sports premium to provide facilities for a forest school
PE equipment and resources	£500	Provide high quality resources which will enable and encourage children to take part in a variety of physical activity and develop their skills.
Total allocated spending for 2017-18	£16,950	

Total spending: £9105

School staff and Governors will evaluate this spending very carefully to check that it has a positive impact on pupils' health and well-being along with participation in and enjoyment of physical activity.
