

Sport Premium Grant 2017/18

Background

The Government is continuing to provide funding for the academic year 2017/18, this year doubling the Premium to enable schools to make additional and sustainable improvements to the quality of PE and sport they offer.

The premium should be used to develop or add to the PE and sport activities that schools already offer and to make improvements now that will benefit pupils joining the school in future years. The funding should be effectively deployed to make a sustainable difference to all pupils in terms of their physical development, their skills and competencies, their health and emotional well-being and the way they positively and confidently participate in physical education, school sport and physical activity.

Allocation

Funding for schools will be calculated by the number of eligible primary aged pupils (between the ages of 5 and 11).

Based on a full year all schools with 17 or more primary aged pupils will receive a lump sum of £16, 000 plus £10 per pupil.

Funding Period

The sport funding for this academic year will be paid in two parts. The school will receive 7/12 (£10,383) of the total funding allocation in November 2017 and 5/12 (£7,146) of the total funding allocation on 1st May 2018.

Accountability

Schools will be held to account for how they spend the sport funding. Ofsted has strengthened its coverage of sport and PE within the Inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision offered. Schools should publish the amount of grant received; how it has been spent (or will be spent) and what impact the school has seen on pupils' PE and sport participation and attainment as a result, to help to ensure that all pupils develop healthy lifestyles.

Cottesbrooke Infant & Nursery School

Academic year 2017/18:

Spending:

The school will receive a grant of £17,800 for the academic year 2017 -18. This money will be used in a number of different ways to support the provision of improved quality of sports, PE and physical activity for all pupils:

How we plan to spend the funding:

Sports coach to develop active lunchtimes and playtimes, support PE lessons, lead intervention groups, organise competitions and lead after school clubs.	£8796
Sports in Schools (twice weekly after school club)	£638
Provide existing staff with training or resources to help them teach PE and sport more effectively. Identify areas for whole school development and provide in-house training.	£500
Add to the current fixtures in the playground to increase opportunities for physical exercise.	£3000
Subscription to an outside agency (premier well-being) to promote the health and well-being of pupils, potentially improving their educational outcomes as well as their health.	£2000
Purchasing new equipment to maximise opportunities for physical activity on the playground.	£1500
Additional playground markings to encourage further physical movements and exercise on the playground.	£1366

Impact of primary school sports funding 2016/17

Sport premium funding has been used to improve the provision of physical activity across the school. The school have continued to employ a sports coach to develop physical activity in our school. The sports coach has been successful in enthusing our children to take part in sports during and after school. The sports coach has created opportunities for increased sports and physical activity during playtimes and lunchtimes. He has been particularly successful at targeting a wide range of children to pursue an interest in sport. Our coach was able to target children who were at risk of falling in to the overweight category and worked with these children to carry out rigorous exercise in addition to the physical activity endured in compulsory PE lessons.

Additionally, money was spent to provide additional after school clubs with a physical focus from the Sports company who deliver gymnastic lessons in our school. This has enabled children across the school from reception to year 2 to take part in a range of sports outside of the school day, these have proven to be popular and once again, raised the profile of physical activity in our school.
