TIPS 4 PARENTS

Thinking about e-safety...

Activate Safety Settings: Turn on **parental controls** on gaming consoles to help prevent children from downloading age inappropriate games or seeing harmful material. The Apple App Store lets you turn off in-app purchases on iPads and iPhones. And The Apple App Store and Google Play let you create a pin code that must be entered before you buy. You can also turn on *privacy settings* on some games to control what other users can see about you and stop strangers from contacting you.

Keep the conversation going: Have regular conversations with your child about staying safe online. Agree what games are suitable for them to play and help them understand why others are inappropriate. Talk to them about the types of games they may be watching on game streaming sites. Remind them they should tell a trusted adult, like a teacher or parent, if they see or hear something that upsets them when gaming.

Know how to mute block and report: Help children understand that people they meet online may not always be who they claim to be. Some games let you mute, block and report other users. Make sure your child knows how to do this if someone in the game upsets them or makes them feel uncomfortable. Childline has online gaming advice to help them do this. Remind your child they can come to you if they're ever worried

If you have any questions or need some support with this please call Jane or Tricia on the school number. You can also check out the nspcc website for e-safety below or visit the school website Internet Safety page:

Reminder

We have had a case of headlice in school and suggest you check your child's hair and treat as per instructions on the NHS website:

Please can you send back the reply on the Parents Consultation letter which was sent home last week. This can be found on the Parents Information page of the website.
