Here are a few exciting and effective ways to spend your Sports Premium:

ESP Multiskills Zone & CPD will enable schools to show impact against the following 5 key indicators.

Key indicator 1

The engagement of all pupils in regular physical activity - Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school
Independent research shows not only more activity among individuals using the MSZ but greater numbers of pupils engaging during breaktimes. The MSZ can also be used during curriculum time adding physical activity to core subjects.

Key indicator 2

The profile of PE and sport being raised across the school as a tool for whole school improvement.
Using the MSZ can raise levels of physical activity throughout school which in turn has links to increased concentration levels in class and better attainment in subjects. Leadership and communication is also developed through Playground Buddies training which can accompany the MSZ

Key indicator 3

Increased confidence, knowledge and skills of all staff in teaching PE and sport
Our afPE accredited awards linked to our MSZ are an extremely cost effective way of upskilling ALL staff and adults involved in the delivery and supervision of physical activities and PE. Feedback from our CPD courses is overwhelmingly positive with regards to increasing confidence, knowledge and skills.

Key indicator 4

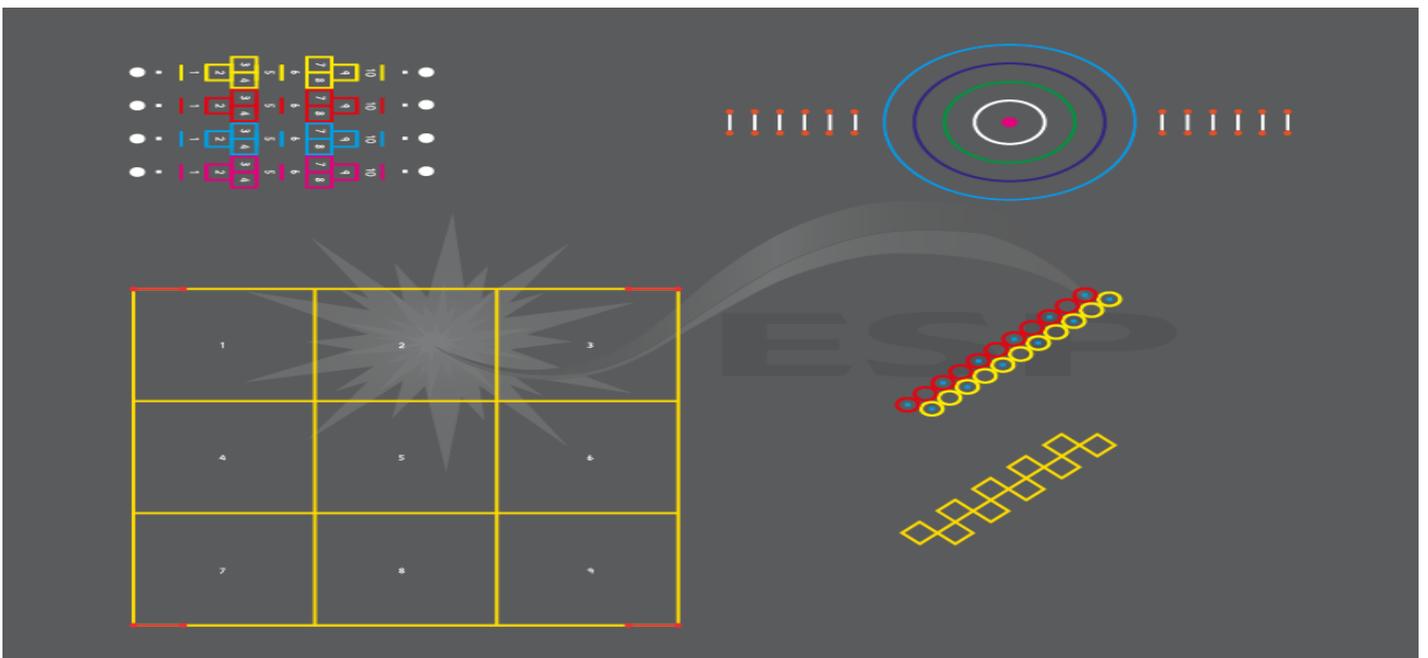

Broader experience of a range of sports and activities offered to all pupils
The Multi-Skills approach is non-sports specific which means that the fundamental skills developed on the MSZ are transferrable across ALL sports. It doesn't get any broader when opening the door to experience new sports and activities.

Key indicator 5

Increased participation in competitive sport
Our new Multi-Skills festival pack for schools means that every single child across both key stages can participate in a competitive activity on the MSZ. Upload your scores to our website and you've just taken part in a virtual national competition without even leaving school!

Building for the future by:

1. Increasing participation in specific skills over playtime and lunchtime.
2. Broadening the skills of staff (Mrs C to support).
3. Developing the skills of children alongside new multi skills after school club.
4. Working towards competitions within All Saints.

Going forward (Sept 2019)

- Give staff formal CPD to develop skills and confidence in teaching PE (teachers, TAs and lunch staff).
- Extend club to Year 2 and put a programme in place to be used in outdoor area for FS1 & 2 supported by VC.
- Competitions between other schools
- Use towards Healthy Schools Rating Scheme

Building for the future by:

5. Adding to the provision of sports within Early Years by:
 - ◇ Supporting staff to develop their understanding of PE and the importance of this starting at an early age (coordination, balance, agility and movement)
 - ◇ Providing equipment to support the staff (trim trail for the outdoor area)
