1. Aims

This policy statement aims to set out our school's arrangements for managing the access of education and training providers to pupils for the purpose of giving them information about their offer within a wider framework of the schools vocational curriculum.

It sets out:

- Procedures in relation to requests for access
- The grounds for granting and refusing requests for access
- Details of premises or facilities to be provided to a person who is given access

2. Statutory requirements

Schools are required to ensure that there is an opportunity for a range of education and training providers to access pupils in years 8 to 13 for the purposes of informing them about approved technical education, qualifications or apprenticeships. Nether Hall School provides education for pupils with severe and profound complex learning difficulties. The school offers access to pupils in year 9 and above as this links to the Preparing for Adulthood pathways within the EHCP review process.

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

3. Student entitlement

All pupils (and their parents / carers) in years 9-14 at Nether Hall are entitled:

- to have their voice and aspirations listened to and reflected in their EHC plan
- to have the preparing for adulthood framework reflected in their EHC plan
