

Acting Head of School: Mr S. Tucker

14th May 2018

Dear Parents and Carers,

We have had reports from another primary school that some of the pupils have been followed in the local area both at the weekend and after school. They have referred all information to the local police as a precautionary measure and they are overseeing and investigating the reports. Extra police presence and patrols will be conducted over the coming weeks around the local area.

Please speak to your children about safety and stranger danger and report any concerns to the school or the police.

Kind regards

The St Greg's team
