

This week's Attendance Cup winners are Year 2!  
Well done to all children who attend school regularly  
and arrive on time!!

Dear Parents/Carers,

A relief this week to have slightly cooler weather, however please continue to send in children with sun cream, sun hats and named water bottles.

I know that for many of you, sports day is a key event on the annual calendar, so to give you advance warning, the date this summer is July 4th and reserve date is July 11th.

More information will obviously be coming out nearer the time, but like last year, the event will begin straight after morning registration and continue till lunch time. Providing the weather holds out we will again host a giant picnic on the field from lunch time and children will be able to leave slightly earlier than normal with family members.

Our school value for May is: **Patience**

We can show patience by...

- taking turns and waiting politely
  - being tolerant of others
- realising that some things take time

***Bikeability pupils graduate..***

The Year 5 cyclists who have successfully completed their Bikeability training will now be embarking on their daily cycle journeys to school. The children have been asked to dismount when travelling up and down School Road hill. Please look out for these pupils, and drive safely when passing them. Thank-you.

***FAST change of name..***

This term onwards you will notice two changes to FAST involvement at St Peter's.

Firstly, Jane Hall's days in school will alter from Tuesdays to Mondays, and the acronym FAST will change to SAFE (Schools and Families Engaged). Jane Halls provides a range of confidential services in order to support parents and families, and to 'signpost' the most appropriate local services for a range of needs. Her first summer-term 'drop-in' will be Monday 21<sup>st</sup> May between 9-10am or you can contact the office and book an appointment time on this day.

***Bushcraft in Year 6...***

Thanks to Mrs Heather, Year 6 pupils are sampling bushcraft sessions and learning how to thrive and survive in the outdoor environment. Initial tasks have included making a 'stretcher' from given materials strong enough to carry a class mate. Thank you to everyone involved and well done to the pupils who have been really sensible and thoughtful in approach.

***Egg watch....***

Yr 1 children, whose class now has an incubator filled with eggs, are watching closely for any signs of hatching chicks. Over the half term, they will be investigating the life cycle of a hen and reading 'From Egg to Chicken' to discover more.

***Considerate parking***

The school have been contacted by residents of Harrow Cross whose bins were unable to be emptied last Tuesday because the refuse truck couldn't get past cars poorly parked outside the school. This means that in an emergency, ambulances and fire engines would also be unable to proceed! Please think carefully before leaving your car and check that sufficient room has been left for others.. **particularly where the road is at its most narrow.** Thank-you for your support in this matter.

***PTA Family Bingo Night...***

- Friday 18<sup>th</sup> May
- School hall doors open at 6.30pm for a 7pm start
- Five games of bingo for £5
- Bring your own drink and nibbles
- Variety of prizes
- All welcome – children too!!

**Tickets will soon be going on sale in the playground after school.**
