Any special dietary requirements (please circle yes or no)? If yes, please give details below.	YES	NO
Vegetarian	Vegan	Halal
No pork	No beef	No dairy
		Gluten Free
		Other
		Kosher

PARENT DECLARATION – *Please put a line through statement if not applicable*

I give permission for the school to administer the following if needed for minor injuries or ailments:
Paracetamol, Calpol or Antihistamine (eg Puriton).

I have read and completed this form and, to the best of my knowledge, the details given are true and accurate.
I will update any medical information with the school as appropriate.

Signature of parent/carer:	Date:	
Print name:		
Relationship to child:		

EMERGENCY MEDICATION

In order to encourage the children to develop independence and responsibility I would like them to be responsible for carrying their own inhalers/ and or epipens. This will ensure that wherever your child is in the PGL centre they have their medication with them.

Although the children will be supervised, they will have to get themselves to meeting points on time and there will be activities that take them around the centre; this is different from a school trip where the teacher leads the class.

Inhalers and epipens should be in a small bag that can be carried easily, a small back-back, a small across-the-body bag or a 'bum-bag'. The bag should be clearly labelled with the child's name and school, thank you.
