

# Year 3 and 4 Tennis Tournament

15/05/18

Five girls from Hillside entered the School Games tennis tournament held at Newsome High School. The event, run by SPIN was a pathway to the next level. All of the children, most who had never played competitively before, performed well. They were soon able to return serve and by the end of the tournament there were many rallies. All of the children enjoyed the games and left wanting to play more.
