

Vision for the Primary PE and Sports Premium 2017/18

'All pupils will leave primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.' (Department for Education)

At Landywood we pride ourselves in the opportunities our children are given to participate in a wide range of physical activities, not only as part of their curriculum lessons but also by the clubs offered both during and after school. We also give them the opportunity to participate in competitive experiences through inter and intra competitions. We feel that is of paramount importance to educate children on making choices in lifestyle and health that they will be able to pass on to future generations.

At Landywood we use the money to focus on the following key areas:

- Increase confidence, knowledge and skills of all staff in teaching PE and sport.
- Provide broader experiences of a range of sports and activities offered to all pupils.
- To increase the engagement of all pupils in regular physical activity - kick starting healthy active lifestyles.
- Increase participation in competitive sport.

In 2017/18 Landywood Primary School will receive **£18,370 premium**. The funding is focussing on the following areas to ensure that we support all of our pupils to develop healthy lifestyles and increase their participation and enjoyment in PE.

Type of provision	Cost	Impact
Internal CPD programme - Level 5 member of staff will team teach and support colleagues in the delivery of PE to improve their confidence and subject knowledge which will improve the quality PE lessons across school.	£2000	<p>Broad PE curriculum, covering 16 different sports.</p> <p>Delivery of PE lessons continue to show increased levels of consistency and confidence. Observed lessons, through learning walks, demonstrate good teaching with elements of outstanding. Cohesive vision for PE and sport across school continues to evolve.</p> <p>Feedback from staff enable targeted support to be given to further develop the quality of teaching and learning.</p> <p>Pupils leave with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle.</p> <p>100% of KS1 pupils and 98% of KS2 pupils (2% stated sometimes) stated they enjoy PE at Landywood. 0% of pupils across the whole school stated they did not enjoy PE.</p>

<p>Play Leader salary to continue to promote the importance of physical activity and the benefits to health and everyday life through being proactive at lunch times and playtimes.</p> <p>Revised sports club programme delivered. Termly clubs, with a wider range of sports offered.</p> <p>G&T sports club delivered. (Sporting achievements reported in Landywood Post.)</p>	<p>£3000</p>	<p>78% of KS2 pupils stated they enjoy Landywood's after-school sports clubs, 28% stated they were not sure or the question was not applicable and 3% stated they did not enjoy the after-school sports clubs.</p> <p>90% of KS2 children stated enjoy their lunchtimes. Children requested additional equipment be purchased to further develop this. A sponsored sporting event for the Summer Term has been organised to facilitate this request.</p> <p>Additional equipment identified by the children have been purchased for the non-football playground. Play Leader has supported Lunchtime Supervisors in ensuring high levels of engagement and activity.</p> <p>22 children who demonstrate high ability in PE and sport participate in G&T Sports Club each week.</p> <p>Silver Schools Games Mark Award achieved.</p> <p>Termly Sports Reports written by Play Leader / Sports Coach detailing the programmes offered and the outcomes.</p> <p>Pupils leave with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle</p> <p>The profile of PE and sport has been further raised</p>
<p>Transport to school sporting events in order to increase participation.</p>	<p>£300</p>	<p>Various sporting events have been attended including:-</p> <ul style="list-style-type: none"> • Walsall's Football Club • National Basketball Finals • Cluster sporting competitions <p>Participating in these events has created additional motivation for lifelong participation in physical activity and sport</p>
<p>Water wall for Early Years to further develop fine/gross motor skills. Promotion of upper body strength and levels of physical activity.</p>	<p>£2000</p>	<p>Children's gross and fine motor skills developed through collaborative activities being undertaken. Children's inquisitive skills lead them to physically manipulate the different pieces of equipment on the Water Wall.</p> <p>Every child visits the outdoor area enabling them to develop their body strength and motor skills.</p>
<p>Match fund an FA bid to develop the changing room facilities, shower facilities and toilets for outdoor sports. Within the bid there will also be a 'slitter' machine to help ensure the school playing field is accessible for more months of the year.</p>	<p>£5000</p>	<p>This project has been delayed due to The Football Foundation not finalising our funding as of April 2018.</p> <p>We have transferred £5000 to be added to next year's Sports Premium to enable us to continue with this project once The Football Foundation finalise everything.</p>

Equipment purchased to further develop the teaching and learning opportunities both in and outside the curriculum.	£600	Additional equipment has been purchased for PE lessons, lunchtime provision and after-school clubs. This additional equipment has further increased levels of participation and engagement.
Subsidise Outdoor Education centre visit Y6	£800	100% of the Year 6 children attended the subsidised residential visit. All children achieved the Bronze or Silver Residential Award (depending upon if this was their first or second residential experience). During the week the children participated in 12 challenging activities which built upon those undertaken on the Year 4 residential alongside co-operative, team building activities too. Feedback from the children was very positive and 100% of the children stated in the evaluation that they really enjoyed their week, every child scored the residential an overall score of 9 or 10 out of 10. This opportunity enabled a culmination of the previous residential experiences to motivate the children for lifelong participation in physical activity and sport
Subsidise Outdoor Education centre visit Y4	£970	100% of the Year 4 children attended the subsidised visit. All children achieved the Bronze or Silver Residential Award (depending upon if this was their first or second residential experience). During the week the children participated in 14 challenging activities alongside co-operative, team building activities too. Feedback from the children was very positive. Every child said they enjoyed the week and would like to visit Kingswood again in the future.
Subsidise Outdoor Education centre visit Y2	£900	All places were occupied for this two-day residential opportunity. All children were awarded the school's Bronze Residential Award. During the week the children participated in various activities to promote healthy lifestyles, the outdoors and being physically active.
School playing field irrigation treatment to ensure it effectively drains during periods of heavy rain to help ensure its availability to promote sport participation	£1000	This treatment programme was completed. The company who undertook the work shared with the school how the field's irrigation system was concerning and that additional, future, treatments would be needed to help maximise the field being available throughout the year.
'Sports Week' provision and resources to ensure the week's outcomes are maximised through high levels of participation in a broad range of sports	£600	Sports Week was completed with every child participating in a variety of sports during the week. 27 activities were organised for the children during the themed week. These opportunities enabled the school's breadth of sport to be broadened and also enable a focus on healthy lifestyles and mental health too. Intra-sport competitions were organised, enabling the children to compete in their house teams. Children certainly developed their physical literacy skills through participating in the broad range of sports.

<p>Half termly football tournaments hosted at our school with other schools entering competitions we facilitate</p>	<p>£400</p>	<p>Five football tournaments were scheduled which local schools were invited to attend and compete against each other at. A total of 12 schools attended the different tournaments. This provision enabled children to develop their inter-sport experiences.</p>
<p>Create our own swimming award system now Landywood no longer uses the Local Authority to teach swimming</p>	<p>£300</p>	<p>Landywood now has its own progressive swimming scheme of work, enabling children to develop not only their swimming strokes effectiveness, but also to develop their stamina and also their lifesaving skills. All children in Years 4 and 5 participated in a term of weekly 45 minute swimming lessons. Over 120 awards were achieved during the year, therefore motivating the children to continue to develop this lifesaving skill.</p>
<p>Lunchtime Supervisor's increased hours to ensure lunchtime sports equipment boxes stock levels are maintained and changed to ensure high levels of engagement</p>	<p>£500</p>	<p>Through the equipment being outside and available to the children, levels of participation have further increased. Children have liaised with the Supervisor to help identify additional equipment to be purchased. Stock levels are effectively managed. Levels of engagement at lunchtimes, across all three playgrounds, have significantly increased. The frequency of behaviour incidents during lunchtimes is very low.</p>
