

Dalton St Michael's C.E. Primary School

Newsletter 30

June 8th 2018

This week has been our Science week in school. There have been some amazing activities taking place and the children have learned so much.

One of their first activities in year 3 and 4 was to use the App 'Augmentify It' to find out more about ants and spiders. The children were able to list many facts about ants afterwards.

Another activity was to build 'Geodesic Domes'.

This proved to be particularly challenging so there was a lot of celebrating of success after working hard as a team!

Grace loved looking at and talking to 'Simon the snail'

We are asking families and staff to register for www.nationalbooktokens.com/schools and to enter the competition to win books for schools.

Stars of the Week

Nursery – **Grace** for being so attentive and caring for a snail she found in the playground

Reception: **Jack** for taking great care in finding items of nature for the playground for his 'talking' stick

Year one: **Isaac** for brilliant scientific answers in science week

Year two: **Ellis** for describing a brilliant newspaper tower

Year three: **Amara** for demonstrating excellent engineering and architect skills during science week

Year four: **Oliver** for encouraging good team work during group activities throughout science week

Year five: **Ruby** for being such a good friend to others in the class and helping during science week

Year six: **Milly** for supporting and encouraging her team throughout science week.

Attendance

Years 3 & 4 with 100%

Our whole school attendance for this week is 96.15%

Next week:

A group of children from Belarus are visiting school on Tuesday
Year 5 & year 6 are visiting the Ironbridge Museum on Wednesday.

Mrs Adele Robinson BEQ NPOH – Headteacher
