This Week

Rosen and Inkpen have been halving and quartering and sharing things out in to equal parts. They have also been on a mini beast safari. Why not have a look in your garden and see what you can see.

In Year 1 Sharratt and Donaldson have spent some time practising for Sports Day next week. They have started their new topic by looking at some of the myths and stories from Brazil.

Ahlberg and Potter have been started their new topic with a sensational pirate day! They designed and made pirate flags, pirate hats and pirate eye patches. They even made some hard tack biscuits which they found were not all that pleasant to eat!

Dahl and Murphy have started their topic looking at different rivers around the world. They have learnt about the names of famous rivers and located them on maps. They have also made rivers from clay and other outdoor materials.

Kinney and Morpurgo have been looking at electricity and how to make a simple circuit using a bulb, a battery and some wires. They have also started to draw circuit diagrams using the correct symbols.

Herge and Walliams have been writing Tudor riddles and creating and performing their own Tudor dances to traditional music.

Shakespeare and Rowling had a teacher in from Wolfreton to get them operating a range of robots. A super introduction to engineering.

Nursery

If you haven't already read the letter regarding our proposal to open a nursery please do!

It is one of the many ways we are looking to improve the opportunities for children and parents at Anlaby Primary school and in the community.

Please use the box on the other side of this newsletter to make any comments you may have and return them to school. All comments will be looked at by the Governing Body and taken in to consideration when deciding if we move forward with the venture.

Sports Day

After the endless rain last year we are hoping this year will have better and we can get the sport day in. Fingers crossed!!!
