

# AFTER SCHOOL

## Club @ St Teresa's

After School Club takes place in school and is open every school day from 3.15pm until 6pm at a cost of £6.50 per session.

The After School Club has been running for just over 15 years, the purpose of our club is to provide high quality child care for all children attending and to ensure your children have as much fun as possible! As a club we go above and beyond to find ways in which we can make the after school experience the best it can be.

Breakfast Club is led and managed by Miss Brookwell, one of our teaching assistant. She is supported by a deputy manager and 5 playworkers who ensure a range of games activities, and snacks are available to the children throughout the evening.

We are very lucky that each term we welcome a special visitor to enhance our current theme. So far this year we have had a visit from two local police officers who came in to talk about their experiences. We have had a visit from an U18 Liverpool Academy football player who delivered two football sessions and joined in with a match and we welcomed a Great British athlete who showed us the medals she has achieved for our country and she delivered an athletics session.

Each week in After School Club there is a different set theme; these are selected from a range of upcoming world events, children's interest or ideas from the school curriculum.

The children show a great interest in the themes provided and in questionnaires most stated that it is their favourite thing about our After School Club. We like to focus on world events and have as many parties as possible! Some examples of themes we have had in the past are; World Cup, I'm a Celebrity Get Me Out of Here, Beauty Week, Pirates, Slime Week, Olympic Games, Baking, Chinese New Year, Fashion Week and lots more.
