

Reading Schemes.

We want children to be proficient readers with a love of reading. We don't find that any one scheme works for all children so we use a range of materials. The main ones are:-

Oxford - Reading Tree

- Treetops
- Project X
- Trackers

Ginn – All aboard

Scholastic – Connections

Stanley Thornes – Sparklers

With Oxford Reading Tree being the core scheme.

All children are also encouraged to borrow books from the library. The library is staffed at lunchtime so that children can browse books in their own time and they have library time in lessons each week. Children can borrow up to two books – fiction and non-fiction – and the books are checked out through a computer system. As the children get older reading a range of text, in different formats and the ability to choose books for themselves becomes of increasing importance.
