

## Year 1, 2 & 3 Cross Country

11/06/18

Ten children from Hillside took part in a cross country event held at Oak Primary School, run by SPIN and assisted by the young leaders from Newsome High School. It was very hot, which made the conditions for running extremely difficult, however every child tried their best. There were six races, with year 1 girls going first followed by year 1 boys and so on. The course started on the flat but half way through there was a difficult hill to negotiate which made the run even more difficult. All ten children from Hillside ran well with two children finishing in the top three of their respective races. A great event enjoyed by all.
