

Year 5 Tennis

13/06/18

A team of year fives took part in a tennis tournament held at Newsome high School. For the Hillside children it was their first experience of tournament tennis. The whole team, at first found it difficult, but as the games went on they started to win more points and matches. The experience will be invaluable for them and hopefully the children will think of tennis as a sport that they could take up.
