Following an External Whole School Review on 14th June 2018, I am delighted to share some of the Reviewer's comments with you.

"Relationships between teachers and pupils are exceptionally positive. Teachers set high expectations for pupils' achievement and are very encouraging towards their classes. Pupils respond well to these approaches and work hard to meet the challenges set."

"Senior staff provide excellent leadership, ensuring that staff are preparing pupils exceptionally well for the next stage of their education by becoming enthusiastic learners."

"Writing is taught exceptionally well. The quality of written work on display and in pupils' books is generally of a high standard. The teaching of mathematics has improved considerably and pupils explain, 'we now love the challenge and have to really think hard'."

"Pupils' personal development and welfare are outstanding."

"The behaviour of pupils is outstanding."

"The progress of pupils who have SEN and/or disabilities is excellent across the school. They are assessed accurately and receive challenging work and effective support which helps them to succeed."

"Provision and outcomes in the early years are outstanding."

Thank you

Mr E Whitehead
