1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The school's mission statement of providing opportunities that enable every child to develop to their full potential underpins our policy and practice.

The school is inclusive and is committed to equality of opportunity for all pupils.

The school addresses and strives to remove potential barriers to learning.

It is the responsibility of each member of staff to support the school in identifying and removing such barriers to learning.

Principles

The Governing Body recognizes its duty to:

- Ensure that compliance with the DDA is consistent with the operation of its SEND policy and any other school policy that has a focus and impact on its disabled pupils, staff and parents/carers.
- Not discriminate against disabled pupils, staff and parents/carers in admission and exclusions or in provision of education and associated services
- Not treat disabled pupils, staff and parents/carers less favourably
- Take reasonable steps to avoid putting disabled pupils, staff and parents/carers at a substantial disadvantage.
- Publish an Accessibility Plan (detailed herein as follows).

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
