Register of Business Interests for Academy Trustees

Trustees are required to establish and maintain a register of pecuniary interests indicating, for all trustees and the head teacher, **any and all business or charity interests whether or not they believe there is a conflict of interest**. This should include the company by whom they are employed, directorships, significant shareholdings or other appointments of influence within a business or other organisations that may or may not have dealings with the academy. They should include their own interest and those of any member of their immediate family (including partners) or other individuals known to them who may exert influence. The sheet should then be signed by the trustee.
