

Trinity Church School

Application to park in the school car park

If you are applying for permission to park on site please remember the following:

- The school will review your application after the agreed dates have expired.
- If you are dropping off, please do not arrive to park on site until 8.40am and for pick up 3.05pm.
- The school expect parents/carers to drive slowly and safely into and out of the school grounds as this is a very busy time with people and children in the car park and just outside the school grounds.
- When entering the site please follow the arrows round to the left but avoid parking on the corners so that the school bus has plenty of access.
- Never leave your car running if you are not in it.
- If the school considers that you are not following these guidelines they may relinquish the agreement to park on site.
