## Clubs Update

- A reminder to parents that there will be **No Clubs** in the last week of term (July 9<sup>th</sup>-13<sup>th</sup>).
- Information about clubs for the new academic year will be shared when the children return to school in August.
- We have an exciting new arrangement for some sports clubs to be led by Rising Stars. More information on this will follow ahead of the new academic year.
- We are also in the process of talking with Hamilton After School Club about the possibility of providing after-school club care until 6pm. We are hoping for this to be based at the old Sure-Start Centre at the Infants building. We hope you will understand that this process takes time but we will keep you informed regarding our progress.

## Polar Exploration Programme

We are delighted to announce that our school has been chosen to take part in a science programme next year to learn all about research in the Arctic and Antarctic! We will have the opportunity to take part in many amazing experiments and investigations, learn all about the RRS Sir David Attenborough and how it was built, plus inspire our children to become the next generation of scientists!

### **SCHOOL MILK for children entitled to Free School Meals**

At present we order milk for all those children entitled to Free School Meals. We have found that this can result in a lot of surplus milk cartons being wasted or thrown away, which we feel is excessive. We will of course continue to supply your child with free milk unless you inform us that your child does not wish to have the milk; if this is the case please inform Mrs Chouhan, Finance Officer at the Infants site. She can then make the necessary arrangements to ensure we are not ordering it for them. Thank you for your help with this and hopefully we can see a reduction in wastage which is better for the environment.
