Dear Parents/Carers

Playground Before and After School

It has been noticed that a number of children are playing in the Foundation Stage outdoor area and taking equipment, such as balls, to play with in the main playground first thing in the morning before school starts.

The staff set up the outdoor area the night before with planned activities for the Nursery and Reception children. It therefore delays things when children play with the equipment and move things around. **Please do not let your children play in this area in the morning or take balls to play football or basketball with.**

If this continues to be an issue, the playground gates will remain locked until just before school begins.

Also, if your child plays on the main playground climbing frame before or after school, please make sure you are keeping an eye on them. While we like the fact that the children enjoy the climbing frame it is not supervised by staff in the mornings or after school.

Yours sincerely

Mr W Loughlin
Head Teacher
