9th July 2018

Dear

From September 2018 we are changing the timings of the day for our SRP children.

Children will now start at 9am and finish at 3pm with effect from Wed 5th September 2018.

We are making these changes for a number of reasons to support children with their transition into school and to maximise learning opportunities. It will also relieve the pressure for those children that come into school by transport or who have a distance to travel. Changes to staff working times allows staff to be utilised more effectively to support the children.

The SRP is also undergoing a staffing restructure process and we are currently recruiting staff for September. When staff have been employed I will update you with information about them. I am pleased to say that Mrs Penny Cull, Miss Hannah Gravestock and Mrs Ruth Kabike will continue to be with the team in September.

If you have any questions or concerns about this then please feel free to come and have a chat with me.

Thank you for your continued support

Jess Delicata

SRP Lead
