St Mary's does Tyntesfield.

Once again it was a fantastic, whole school outing to Tyntesfield on Wednesday. The sun shone and the gentle breeze ensured we weren't completely roasting for the day. Every class took part in a 2 hour workshop run by the staff of the National Trust and were chosen by the class teachers to match with their class topics. They were all really enjoyed by the children and everyone learnt something new.

Thank you to all our volunteers on the day who helped to make the trip happen, we were very grateful you could join us.

Thank you to all of you for dropping your children up at the house. As you know the cost of coach transport is very high and because this cost was removed, the only cost has been for the brilliant workshops so we have been able to keep your contributions to a minimum.

There is something very special about our whole school going on a trip together and it makes our day together extra memorable.

Explorer Dome

Explorer Dome will be visiting us on Monday for the children to experience their interactive science workshops. The children always gain so much from their visit and we are grateful for their generosity in visiting us.
