16th July 2018

Dear Parents,

Broad Oak Field

Although we should be concentrating on teaching and learning, there are times when events outside of school become disputes here and affect school. This causes distress, disputes and takes up enormous amounts of teaching and management time.

Many of these incidents are happening on Broad Oak playing field. This should be a lovely resource for children to play in safety. Sadly, I am hearing reports of very unpleasant behaviour taking place there, some of which is allegedly from our Fairfield children.

I have contacted our local councillor and am urgently trying to get an increased police presence in the local area.

However, in the mean time I would ask that as parents you are aware of the concerns and think carefully before allowing children there unsupervised.

NSPCC (P.A.N.T.S) Lesson

The NSPCC lesson you were informed about and invited to a meeting earlier this month took place today.
