Areas of development commented on by parents and our next steps

- ✚ Sports Day timings – more notice than a week:
School response: we will send out the dates in September and will always run sports day in the morning 9.30 onwards until further notice.
- ✚ Between parents evening can we be told one thing that our children can do to improve in their record books
School response: during the open Friday afternoons which are now planned weekly please feel free to come in and discuss your child's targets with their class teacher.
- ✚ Reading afternoons back to a Friday afternoon
School response: we have planned in to open the school every Friday afternoon 3.00pm onwards to share books and work. You can choose which ones are convenient for you to attend.
- ✚ If child working below or above what is expected of their age/year group it would be nice to have

more information as how the school /teacher identifies this and how they support and encourage the child especially as they move through year groups. (Reception parent)

School response: our team run workshops at the beginning of the year and will include more information around this for you. If you are unable to attend the information will be available on the website for you.

✚ Less parent activities in school.

School response: the calendar has been set to accommodate all parents with their different timetables so parents can choose which events they attend.

✚ To many reading afternoons – should be less and called something else as not always a reading afternoon.

School response: please see above.

✚ Homework – should be something children can do on their own.

School response: each year group devises activities which are age appropriate to extend and support learning at home. It is not compulsory so please choose what is appropriate for your child.
