Working hard for Barnsley East

## Is Plastic Fantastic?

3<sup>rd</sup> July 2018

Dear Parent / Carer,

Since my election a little over 12 months ago I have made getting out and visiting our family of schools one of my priorities. By the end of the summer term I will have visited over 15 schools and I hope to visit every school this year.

I have been really impressed in many schools with how engaged and eco-conscious a lot of young people are and those children and the great work being done in many schools inspired this idea.

As a former teacher, I know how helpful a project in the summer holidays can be and so I have developed the enclosed pack about plastic waste.

My hope is that your whole family can help to complete this project over summer and learn, together, about our impact on the environment and how we can help reduce single-use plastic waste in Barnsley East and improve the environment for future generations.

Every completed pack contributes points to your school's total and in the autumn schools will be awarded a bronze, silver or gold certificate based on how many young people participate and the exciting ideas they produce.

I hope you'll get the family involved and I can't wait to see what your children come up with.

Best wishes,

A handwritten signature in black ink, appearing to read 'Steph', written in a cursive style.
