## A warm welcome back to our Children, Families and Staff

It has been lovely to see our children coming back to school with smiles on their faces, excited about facing the challenges a new school year brings. We are delighted to see so many children so smartly dressed and ready to learn. This year our focus is 'Aspiration, Ambition, and Excellence'. This is a key focus for all, with staff and children planning their maps for the future. Identifying goals, individual strengths, values, actions needed to reach our goals and the people we need behind us in order to achieve our goals.

It was inspiring to listen to the children as they

shared their aspirations about what they wanted to be in the future. These ranged from teacher, nurse, dancer to palaeontologist, marine biologist and tattoo artist. This year we will all be working hard on unlocking our own potential and identifying the steps we need to take in order to achieve our goals.

We aim, through this, to help develop the whole person who can flourish in all areas of their lives and have a connectedness with the world around them, living 'Life in all its fullness' (John 10).
