

### **Welcome Back!**

I have had a great time getting to know all of the children this week. They have quickly settled into our class routines and have begun to show me their learning. Thank you for being so welcoming.

### **Writing**

We have been exploring a book called *Gorilla* by Anthony Browne. The children have thought carefully about the main character and have written letters from her.

### **Maths**

As a start to the year, we have been practising key number skills with numbers up to 20. The children have impressed me with their problem solving attitude and ability to explain their answers.

### **Reminders**

Please send in a named water bottle.  
PE kits need to be in school every day.  
**Meet the Teacher is Monday 10th September at 3.30pm.**

### **Other Information**

Home Learning is not due this week, but feel free to get started 😊
