We welcome Ruth Smith and Jody Lam, our newest appointed Governors as of 5th June 2018 and 22nd June 2018 respectively; all other Governors were appointed on July 1st 2016 for a four year term of office by the Ryedale Federation Board of Governors. No Governor serves on any other committees or governs any other educational establishments and there are no associate members. There are no relationships between governors and members of the school staff including spouses, partners and relatives.

What do Governors do?

Governors are the heart of our school leadership. Their responsibilities include:

- The performance of federation schools
- The future development of the federation
- Managing the schools' budgets within the federation
- Appointing staff
- The federation's provision for pupils

The governing board has chosen to delegate some functions, as set out in the scheme of delegation, to the Headteachers and Executive Leadership Team. For example, the Executive Leadership Team has responsibility for monitoring the quality of teaching and learning and the progress of all students within federation schools. However, governors remain responsible for setting the ethos, culture and strategic direction for the federation.

The Governors carry out their responsibilities by meeting **each half term** throughout the academic year. Governors can take part in all aspects of school life and can decide how much to be involved through the Link Governor role. Being a Governor is very rewarding:

- Making a positive difference to how well the federation operates
- Seeing how your efforts help raise standards and achievement
- Helping federation schools to be a bigger part of our community
- Learning new skills, enhance your cv and realise your potential
- Having an impact on children's lives
- Ensure that every child matters
