

## ENGLISH

Stories by Significant Authors: Chn wil study the works of Roald Dahl with a focus on 'Charlie and the Chocolate Factory'. Chn will learn how to create interesting characters as well as develop their ability to write a story with a dilemma and solution.

Stories from Other Cultures: Children will read a variety of texts set in the rainforest. They will develop their ability to deduce differences in patterns of relationships, customs and attitudes with particular reference to the way characters act and interact. Look at an author's use of language, for example literal and figurative language for descriptions; to create a comic or dramatic effect. Identify point of view from which a story is told. Select a character and use improvisation and role-play to explore the story from their point of view. Write in role, for example a letter from one character to another. Plan and retell a whole story from an alternative point of view.

## PE:

5-A-Side Football- Children will develop control and passing skills. They will develop defensive and attacking skills with a focus on safe tackling and shooting accuracy. Children will learn the importance of sportsmanship and working as a team.

## CLASS TRIPS:

Local walk to the park to sketch leaves, plants and trees for art project.

## ART

Children will research the artist Henri Rousseau creating a profile of this famous artist. They will comment on a variety of his most famous pieces of work before re-creating his painting entitled 'Tiger, Tiger.' They will use leaves/flowers/trees collected from local nature walk to inspire their own drawings.

# Rainforests

## RE:

Caring for others, animals and the environment.

## PATHS:

## COMPUTING

E-Safety-

## GEOGRAPHY:

Children will learn what a rainforest is and whereabouts they can be found in the world. Children will consolidate their understanding of the world by labelling continents, oceans, equator, tropics and countries on a world map. They will learn about the different layers of the rainforest and the animals, humans and plants that can be found here. Chn will learn about the importance of rainforests and why they should be protected from deforestation.

## MATHS:

Place Value: Children will learn to read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit ; count forwards or backwards in steps of powers of 10 for any given number up to 1 000 000 ; Round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000 ; interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers, including through zero ; **solve number problems and practical problems that involve all of the above** and read Roman numerals to 1000 (M) and recognise years written in Roman numerals.

Addition and Subtraction: Children will add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction) and use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy
