We thought this planner might be useful for you to have at home but please do not 'teach ahead'

You *can* help by;

- Playing word games such as those suggested on your '**High Frequency Words Help Sheets**'
- Practising the Letterland formation rhyme at home (rhymes were provided when the children visited the classroom in May. If you have misplaced yours, please ask the class teacher for another copy).
- Practising matching the sound to its symbol (magnetic letters are good for this!)
- Practising the formation of the letter on the whiteboard by following the rhyme or writing over a pre-written letter.
