CHARGING FOR SCHOOL ACTIVITIES

1. LEGAL FRAMEWORK

Introduction

The LA or Governing Body may not levy any charges to pupils or their parents unless it has drawn up a statement of general policy on charging. The basis on which charges are made needs to be made clear to parents as should the eligibility criteria for support. Parents have a right to ask for this information and it is recommended that a summary be included in the prospectus published by the school. If a charge is made for each pupil this should not exceed the actual cost of the activity. If further funds need to be raised, for example, to help in hardship cases, this must be by voluntary contributions or general fundraising.

The permitted charge may include an allowance for the costs of teachers from the school who supervise the activity only if those teachers have been given a separate contract to provide the optional extra. A contract need not be a formal document. It could be simply a letter to a teacher asking him/her to provide a service on a particular occasion.

Considerations

a) *Education during school hours*

No charge can be made for admitting pupils to maintained schools and this includes the cost of materials, equipment and transport provided in school hours to carry pupils between the school and an activity. School hours are those when the school is actually in session and do not include the lunchtime, which is not part of the school day. Details of the timings for the school day must be included in the prospectus as published by the school.

b) *Musical Instrument Tuition*

There is an exception to the rule about not charging for activities in school hours. Charges may be made for teaching either an individual pupil or groups to play a musical instrument or have vocal tuition, if the teaching is not an essential part of either the National Curriculum or a Public Examination syllabus being followed by the pupil.

c) *Voluntary Contributions*

Although schools cannot charge for school time activities subject to the musical instrument tuition as above, they can invite parents and others to make voluntary contributions. All such requests must make it clear to parents that the contributions are to be made on a voluntary basis and that the children of parents who do not contribute will not be treated any differently. If a particular activity cannot take place without some help from parents that should be explained to them at the planning stage. Where there are not enough voluntary contributions to make the activity possible and there is no way to make up the shortfall then it must be cancelled. **See school trips policy attached.**

d) *Education outside school hours*

Parents can only be charged for activities that happen outside school hours when these activities are not a necessary part of the National Curriculum or syllabus for an approved examination or religious education. Sometimes an activity may happen partly during and partly outside of school hours. If most of the time spent on a non-residential activity occurs during school hours then that activity counts as taking place entirely in school hours and no charge may be made.

e) *Residential Activities*

For residential activities taking place largely during school time or which meet the requirements of the syllabus for a public examination, or is to do with the National Curriculum or religious education, no charge may be made either for the education or for the cost of travel. However, charges can be made for board and lodging in these circumstances except for pupils whose parents are receiving Income Support, Working

Families Tax Credit, Disabled Persons Tax Credit or income-based Job Seekers allowance. The head should tell all parents of the right to claim free activities if they are receiving these benefits.

f) *Public Examinations*

No charges may be made for entering pupils for public examinations that are set out in regulations.

An examination entry fee may be charged to parents if:

- The examination is on the set list but the pupil was not prepared for it at the school;
- The examination is not on the set list but the school arranges for the pupil to take it;
- A pupil fails without good reason to complete the requirements of any public examination where the governing body or LA originally paid or agreed to pay the entry fee.

Charging is allowed for tuition and other costs if a pupil is prepared outside school hours for an examination that is not set out in regulations.

g) *Charges*

Charges levied for any of the above must not exceed the actual cost of the activity.

A charge will be made to parents of pupils receiving individual tuition or in groups of any size, for instrumental lessons or vocal tuition, except where the tuition is essential to fulfil either the requirements of the National Curriculum or a syllabus for a prescribed public examination. Voluntary contributions may, however, be sought. Where a charge is made it will include all teaching costs and the cost of sheet music and any other relevant items and the hire and insurance of the musical instruments.
