

### Every day materials

Create something using every day materials. You may choose to make something linked to our 'race to the pole' topic.

### Christian Value

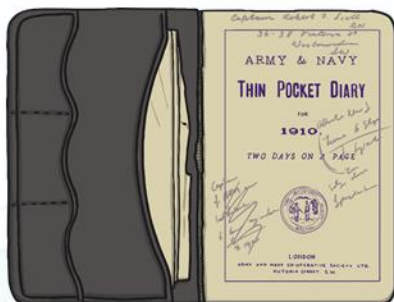

Create a poster about our Christian Value Justice.

## Home Learning Project

### Diary Entry

Write a diary entry from the point of view of Captain Scott on his journey to the Antarctic.

### Animals

Research animals found in Antarctica. You could draw, make or write about your favourite animal/s.

Each child should choose one project from the options above. The projects are designed to be completed over the course of the term, about 6 weeks.

There will be an opportunity for parents to come in to class to celebrate and view the homework projects at the end of term. More details to follow.

The home learning projects are an excellent opportunity for children to extend their learning.
