20th September 2018

Dear Parent/Guardian

Scooter Awareness Programme

As a Year 2 child your son/daughter has the opportunity to take part in the 'Scooter Awareness Programme' organised by the East Riding of Yorkshire Council and a team of qualified instructors.

Subject to confirmation the programme will take place during January or February 2019. If we are successful in securing a place, a date will be confirmed nearer the time.

The children will therefore need their scooter in school for the programme (please read the attached letter from East Riding of Yorkshire Council). The training involves trained instructors working with the children both in the classroom and on the playground. In order to cover the expense of instructors, teaching materials and certificates a contribution of £2 is requested.

Should you wish your child to participate, please could you complete the reply slip below and the East Riding of Yorkshire Council consent form and return them both to school as soon as possible.

The East Riding of Yorkshire Council consent form does offer the opportunity to agree to the borrowing and lending of scooters. We do not want to offer this, so would ask that all children participating have access to their own scooter. Many thanks.

Yours sincerely

Mrs J Johnson
Mrs T Levitt
Mrs A Rush

✂-----

I wish my child to participate in the 'Scooter Awareness Programme' organised by the East Riding of Yorkshire Council.

Please find enclosed £2 to cover the cost of the training and training materials etc.

Signed Parent/Guardian
