## FAQs

**My child seems to be getting questions up to 12x12 - why is that?**

Assuming that's not intentional, make sure they're playing in the Garage or Arena to get the tables we've set for them.

**Why can't we login?**

The most likely cause is that one of the three bits of information (school, username or password) hasn't been entered as above.

**My child has chosen a rock name they're unhappy with - how do we change it?**

**My child is unhappy with the look of their avatar - what can be done?**

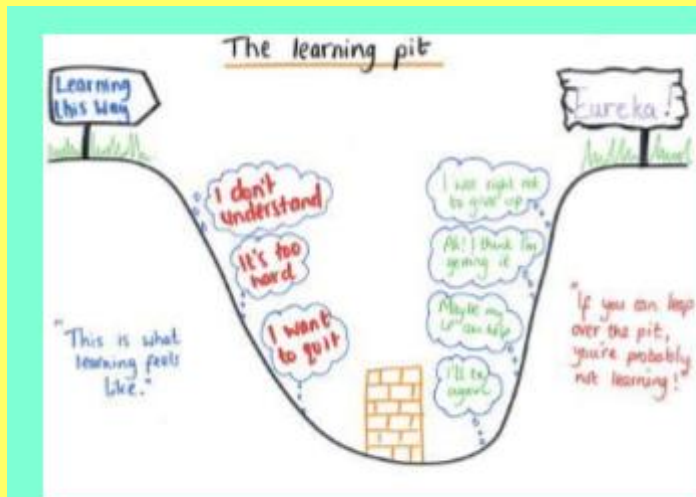

Everyone starts with the same avatar, no matter what rock name they've chosen. Simply change the hair, eyes and mouth to suit individual preferences.

**Someone has logged in as my child and spent a load of their coins - what can we do?**

Let your child's teacher know so that they can refund your child and speak to the class about trust and online safety.
