The Brand New KSI classrooms

We believe that children should have enabling environments to allow them to mobilise their energy, attention and curiosity.

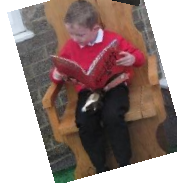

We've designed a classroom environment which will be deep rooted in enquiry based learning.

Here is a little preview at some of the areas your children will have access to.

What do the children think of their new classrooms?

'I like the Discovery Area.'
'I love how everything is decorated.'
'We love the number area.'
'The block area is the best - I made a home for Tiddles the tortoise.'
'The classroom is fun!'

'The outside is the best.'
'We love the story throne because two people can fit on it and we have reading buddies, like Foxy the Fox.'
'I love dressing up in the role-play area.'

We are so lucky!
Our school is the best!
