Exciting News for Y5 and Y6 pupils!

This academic year we are moving further into the digital world with a company called Century. Century is an artificial intelligence online platform that personalizes learning for the children. It tracks how a child prefers to learn and suggests what aspects of learning they need to improve upon. The class teachers can assign different learning opportunities to the children to access as part of their classroom learning.

The plan is for all children to use this platform eventually. In Y5 and Y6, the child's class teacher has allocated online learning experiences to support your child with their learning for both in and out of school. The children have been shown how to login and their username and password is inside their planner. Why not let them show you at home what they have been doing in school?

What's going on in the community?

Job Vacancy

The Keys Federation Academy Trust is looking to appoint temporary part-time cleaners to join our enthusiastic Premises Team undertaking cleaning duties in classrooms and allocated areas.

We're looking for cleaners who will:
