

Parents Guide to the School App

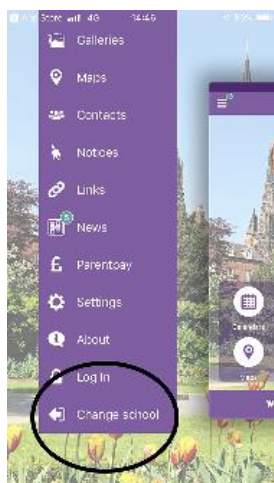

Step 1

Download the app for the App Store (see Home page to links)

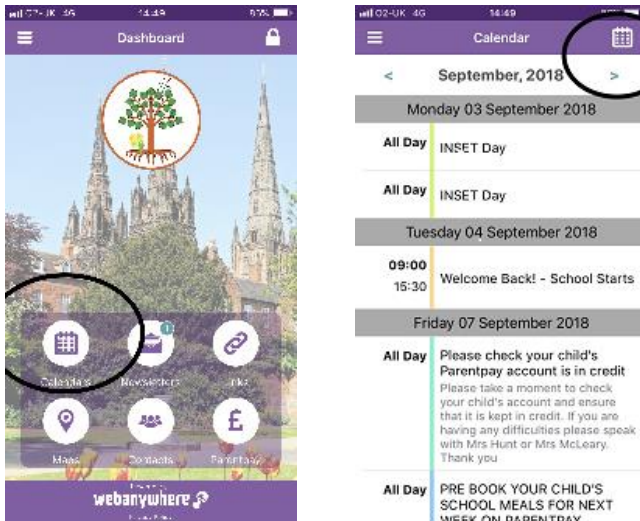

Step 2

Once Downloaded you will need to select our school. On the app look for the “change school” tab you will need to use the school postcode to find us – **WS14 9AN**. Please allow notifications as this will be how we will be sending messages to you.

Step 3

You will now be able to use the DashBoard to select quick functions like the school calendar. You can change how you see this from a month view to a list view.

Step 4

You can use the various option on the list to see information about school, including the latest newsletter and news flashes!

Coming soon.....

You will shortly receive a personal log in for the app. Once you have been able to log in you will receive personalised messages from us (just like text messages!). Once this is all up and running this will be how we communicate with you every day
