Dear Parent / Carer

Parking

School have yesterday received a complaint from the Local Authority Traffic Engineer based with Environmental Services, to inform school that they have in turn received a complaint from a local councillor on behalf of a local resident regarding parking concerns.

Local residents have in addition been into school to complain that parents and carers are blocking access to their homes and parking in their allocated parking bays and parking illegally across their drive.

A number of complaints from concerned parents have been made to the school office regarding the front of school, please do not pull over however briefly on the double yellow lines outside the school to drop off or pick up a child. This is causing serious safety issues for the children. There have also been specific complaints that some cars are being illegally parked on the pavement.

School have been asked by the Traffic Engineer to request that if parents are unable to bring their child to school using public transport or by walking to school that they park with consideration in order to help avoid the necessity to introduce parking restrictions in the area.

Please be advised that for safety reasons under no circumstances must parents park on the school car park.

Yours sincerely

Mrs A E Jackson
