

### Reading

We have been learning about newspaper reports this week. The children have identified many of the features (such as headlines, columns and chronological order) in preparation for our writing next week. Maybe you could look at some newspapers together this weekend?

### Topic

This week we made collages to depict the Great Fire of London. First, we used tissue paper to make flames. Then we used strips of black paper to make the houses. Everyone worked really hard and the results are great!

### European Day of Languages

We had a great day on Thursday. The children sang in assembly and we enjoyed hearing about all of the different places they have visited. Thank you for sending in such a variety of food to try!

### Spellings

This week we are slightly changing the format of our weekly spellings. The spellings to be learnt will be in the purple book. The top 6 words will follow the spelling rule we are learning, and the bottom two will be personal spellings identified in their work. Please practise **all** of the spellings as they will be assessed on a Friday.

### Reminders

The Harvest assembly is on Friday 5th October at 9:05am. Please practise the song if you get a chance (lyrics are in book bags and on the website!).
