

# Governor profile: Sandra Lange

<b>Name</b>	<b>Sandra Lange</b>
Category of governor	Co-opted Governor
Term of office	March 2017-March 2021
Work	<p>Throughout my professional career I have mostly worked in customer facing environments like the hospitality and travel industry. Before I became a parent and governor I was working in a corporate environment managing multi-lingual teams.</p> <p>I am currently working from home trying to turn my hobby into a business.</p>
Governance experience	<p>This is my first governance post and I would like to help direct and support the vision and growth of the school.</p>
Why did you become a governor?	<p>I became a parent governor so I could actively support the school and community my daughter is growing up in. I was already volunteering on the PTA as secretary and through this role gained an inside into the challenges the school faces and how rewarding teaching the pupils at the school can be. I wanted to help the school to achieve their goals and visions for the children so they are happy, confident and well educated individuals.</p>
