

### **Clarification on Admissions arrangements for St. Peter's CEPS, Tunbridge Wells**

The current admission arrangements for St. Peter's CEPS will remain unchanged for entry in September 2019. The school will admit 10 pupils over its Published Admissions Number (PAN), providing a total of 30 Reception Year places for the 2019/20 academic year. The current school site, on Windmill Street, Tunbridge Wells will continue to be used for calculating the nearness to children's homes for September 2019 admissions.

For entry in September 2020, the measurements for nearness to children's homes will be taken from the new school site off Hawkenbury Road. The PAN will be permanently increased to 30 from the 2020/21 academic year.

KCC intend to consult on the introduction of a catchment area, giving priority to those resident in the Parish of Tunbridge Wells. This would apply in addition to the existing higher priority for siblings and will assist the school in continuing to serve its existing local school community.
