

### In English we will be learning to...

- Make comparisons within and across books
- Predict what might happen from details stated and implied
- Use a thesaurus
- Proof-read for spelling and punctuation errors
- Write with the correct tense throughout a piece of writing
- Use commas in writing
- Use a colon to introduce a list and use bullet points

### In Science we will be learning to...

- Describe the movement of the Earth, and other planets, relative to the Sun, in the solar system
- Describe the movement of the Moon relative to the Earth
- Explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object
- Identify the effects of air resistance, water resistance and friction, that act between moving surfaces

# Year 5 Autumn Term 2018

### In Maths we will be learning to...

- Read, write and order numbers to 1 million and know the value of each digit
- Add and subtract numbers with 4 digits
- Multiply and divide numbers up to 4 digits by 1 and 2 digit numbers
- Compare and order fractions whose denominators are all multiples of the same number
- Measure the perimeter of shapes that can be broken down into squares and rectangles

### What else can I do at home?

- Read every day
- Practise spellings and sounds
- Practise all times tables and their division facts
- Observe the night time sky
- Find topic related objects and bring them into school

**In Design Technology we will be learning to...**

- Design and make a drawstring bag
