Dear Parents and Carers,

Occasionally we take photographs of the children at school. We use these images as part of our school displays and sometimes in other printed publications like our prospectus. We will also use some on our school website and for educational software such as Tapestry.

If we use photographs of individual pupils, we will not use the name of that child in the accompanying text or photo caption. If we name a pupil in the text, we will not use a photograph of that child to accompany the article. If a child has won an award and the parent would like the name of their child to accompany their picture we will obtain permission from the parent before using the image.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Pupils will often appear in these images, which may appear in local or national newspapers, approved websites or on televised news programmes.

To comply with data protection laws we need parents' permission before we can photograph or make any recording of children.

Please read the school's consent form below regarding the use of photographs in school. All parents are required to have completed a consent form and completed forms are kept centrally in the school office for reference.

You have the right to withdraw your consent at any time by completing a new form and returning it to the school office to inform the school of the change. Please be aware that some images of children may be used in our prospectus and on our website for a time after they have left our school.

Please speak to a member of the Business Management Team or your child's class teacher if you have any questions or concerns about photograph consent.
