

# REDLANDS PRIMARY SCHOOL

## Dear Parents

This week we talked about the act of giving and helping others who are in need. The children prepared delicious foods (from different parts of the world) for all to try in the assembly. When cooking the dishes the children learnt about how things grow and how to prepare these vegetables and fruits to create different dishes which can be shared. In our assembly, we talked about the world we live in and looking after each other. To further support the children's understanding, we discussed the work of Readibank, to which we are donating items we have been collecting this week. We also discussed how we can work together to support one another and give to one another and how the act of passing on is good practise!

## School Photographs

It is that time of the year, where we encourage our children to get ready for their best pose. Have fun with your children choosing their best school outfit ( I am looking forward to seeing all the lovely delights!) and their best smile.

The photographer will be visiting the school on 10th October.

Let's have our best smile ready!

## ICT

Technology has revolutionised the way that we live our lives, the benefits of different technology is immense. However with that comes the responsibility of looking after our children from the risks! At school, we teach children the SMART rules, which can be found on the following website <http://www.kidsmart.org.uk/beingsmart/>. If you are interested in finding out more information about keeping children safe online, an event tour has been bought to my attention (in Reading), being held at Lifespring Church on 16th October, which may be something you might be interested in (you can book to go to the session on [cff.org.uk/owndevices](http://cff.org.uk/owndevices) : 1-3 tickets will cost £6)
