### November Bookings for Before and After School Club

Dear Parents,

Generally, speaking the Before & After School booking system works well. This month, there have been some parents who have had difficulty booking their required days for November. This is due to an increased demand for the extended services provision within the B&A School club which could not have been anticipated as the service is based on 'first come, first serve'.

In order to temporarily resolve this we have a member of staff who can cover the extra intake on the particular afternoons required for this period. Therefore if you have any further requirements for afternoon places that we have not been able to book please contact the club as soon as possible.

Currently, the Afterschool club has the capacity to take 26 children, however we have to comply with staffing ratio numbers for nursery and reception children. These can vary from one month to the next hence the reason why bookings can be limited during certain times.

In order to try and meet the needs of parents who required B&A school club we need to assess the demand for places over the next 12 months. Therefore, we will be creating a survey to ask parents their requirements for childcare provision. As soon as we have created this we will let you know and would appreciate your time filling this in.

In the meantime, if you have any further questions, please contact us.

Yours sincerely

Eastlands Childcare Provision
