

TAG RUGBY

Last Thursday some of Y5 and 6 went to a tag rugby festival near Little Melton. First we done two sessions of training, then after lunch we started playing matches against other primary schools. We played against 4 teams, the first match was tense, after a while we got used to it and we won! Then we shook hands to the opposing team, then while we were waiting for the other team on a different pitch, our teachers gave us advise and to keep up the good work. When the other team got back, some of us were pretty scared because we saw people who were a bit bigger than us but in the end we won again! Now, round 3, Y6 vs. Y4, the Y4 were just...AMAZING! They ran like the flash! They also won as well, they really deserved it. The last round was the hardest we tried are best and we ended up in a draw. But we really did not care who won, we cared about having fun and enjoying our time at the festival. 😊😊😊
