Sports Premium Funding 2018/19

Draft Copy pending quotes

What is the Sports Premium?

Currently, the Government is providing £150 million per annum in funding for primary school sport and Physical Education. This funding is jointly provided by The Departments for Education; Health and Culture and the Department for Media and Sport, with the money going directly to primary schools.

This year we have **£16 850**. This money can only be spent on sport and PE provision in schools.

The vision for the funding is:

All pupils leaving primary school physically literate with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that we should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that the school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Key Indicators

1. the engagement of all pupils in regular physical activity
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

This is how we plan to spend the funding:
